Aluminium Crimping
Machine

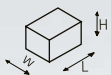

FEATURES

- Thanks to its G23 cast iron bench, it has a robust design enabling to operate for many years without any problem.
- Simultaneous stroke of crimping heads.
- Easy and quick adjustment from the metrical scale showing the horizontal movement of crimping units.
- Quick blade replacement.
- Magnetic support avoids the falling of the blades.
- Thanks to the disappearing bracing clamp from the working table, it is possible to crimp smaller frames.
